Our German classes at O.L.G.C. are an introduction to another language and culture. We look at the way of life in Germany as well as how the German language is structured and used. Since we began German we have discovered a huge number of us have ancestors who originally came from Germany to settle in Australia!

For our Year 5, 6 and 7 classes, this is their second year of German. This term they are looking at visiting friends and family, best friends and pets.

The Year 4 students are eagerly working their way through German introductions – from Guten Morgen to Gute Nacht, numbers to 10 and now are mastering numbers to 20! Later they will be introduced to more conversations involving ‘How are you today?’
